Dedication

We, the class of '64, are dedicating this edition of the "Shermanite" to our advisors, Mr. Charles Leffingwell and Mr. Ronald Bickel.

Mr. Leffingwell graduated from Houghton College, Houghton, New York, with a Bachelor of Arts degree. He took advanced work at New York University, Syracuse University, and Buffalo University. He has taught rural and graded schools at Marilla, Bennington, and Pine City, New York. He was the Mathematics and Science instructor at Panama High School and served as Supervising Principal of Panama Central School for fourteen years. He has been the head of our high school Mathematics Department for the past eight years.

Mr. Bickel took his Bachelor of Science degree at Clarion State College, Clarion, Pennsylvania; and he obtained his masters at Edinboro State College, Edinboro, Pennsylvania. He has taught in the Meadville Area High School, Meadville, Pennsylvania, and is presently teaching Junior and Senior English in our High School. He also teaches English Composition and Introduction to Literature 101 on Monday evenings at Jamestown Community College.

Both have used wise judgment in helping us to be successful, and we will never forget their many services to us. Their leadership and guidance have been of inestimable value not only to our class but to the entire school. Their patience and understanding have encouraged us, and their friendliness and warm personalities have given us lasting memories of the projects we have shared together.

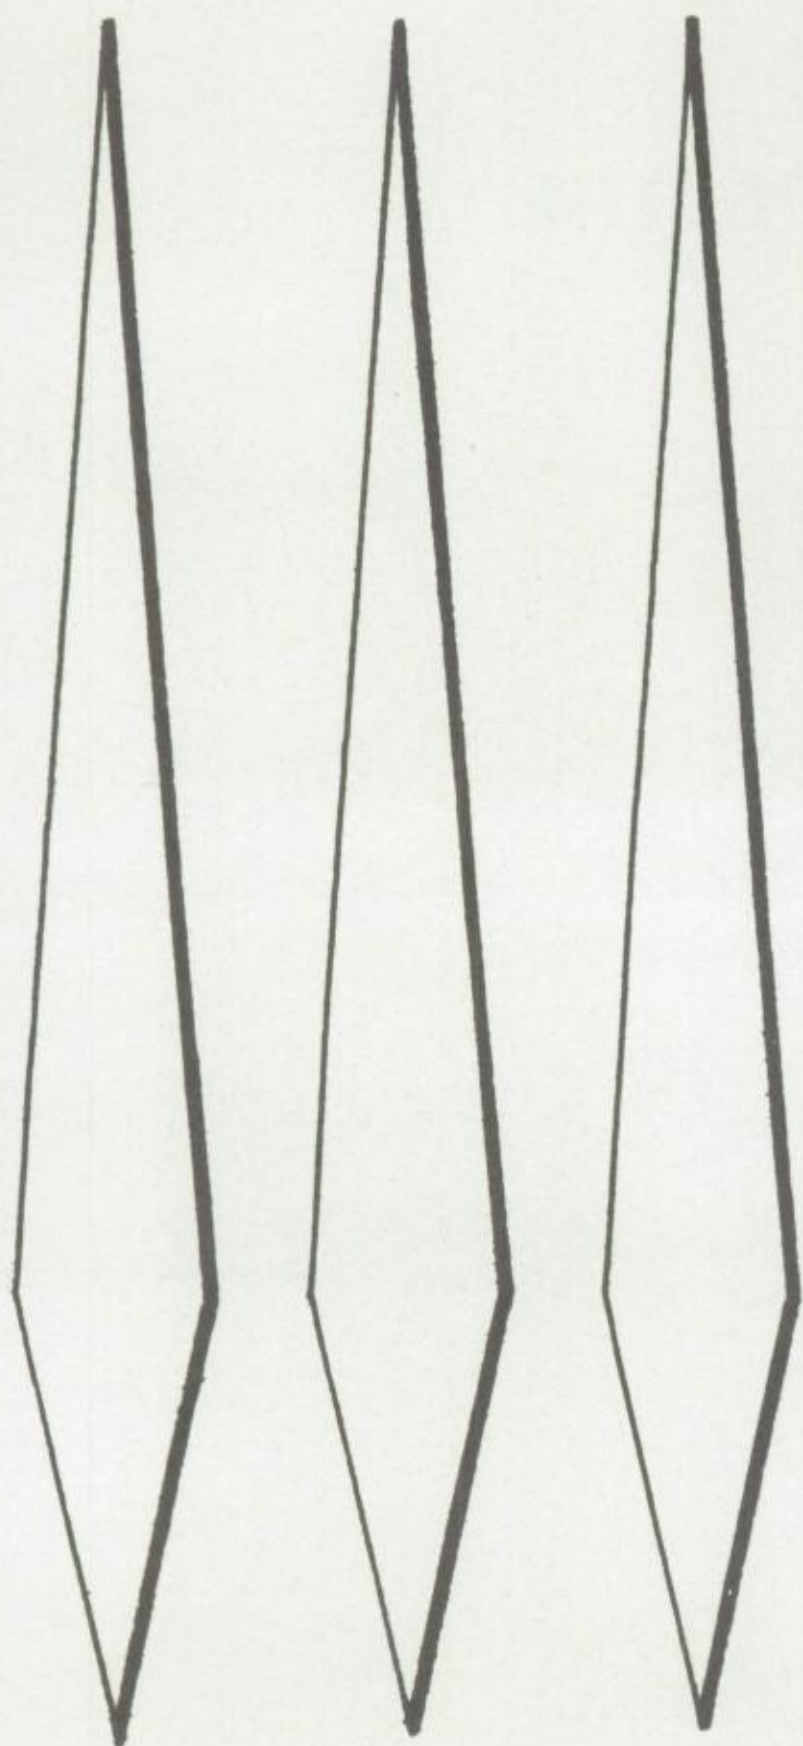

This dedication is but a small token of our appreciation and gratitude, for in this way we wish to say "Thank You," so very much.

Foreword

We, the Class of '64 are completing our formal education at Sherman Central School. As we leave our beloved alma mater our pathways will be varied. Regardless of our future plans we will all strive to keep in mind our duty as a citizen of this great land. We dedicate ourselves to be faithful to the great democratic principles of our United States and will serve it to the best of our ability in words and deeds. It is with this loyalty in mind that we say our last farewell to the school and faculty that inspired us to become not a better citizen but the BEST.

ALMA MATER

Dear old Sherman High, we love the blue
and gold you're flying.
Through the years to be, 'twill ever tell
of love undying.
And in the class or on the field, we'll
give you honor victory.
All hail to thee, our alma mater Sherman
High.

In Memoriam

MR. GEORGE WAREHAM

The school board, faculty and students of Sherman Central School were shocked and saddened September 24, 1963 when it learned of the passing of George Wareham, acting president of the Board of Education of Sherman Central School.

Mr. Wareham loved life, loved people and enjoyed serving his fellow men to the best of his ability. His captivating smile and his cheery whistle will be missed by his associates.

His health previous to his passing had not been what his friends wished it could be, but he was never known to complain or ask for special favors because of it.

He liked to work; he liked to serve; he was working when he was stricken. He left us in the way he wished to go; "with his boots on."

We extend sympathy to his bereaved family as we say to them, "We have lost a true friend."

STANDING: Mr. Harry Ottoway, Mr. William Tanner, Mr. Carmen Scadden.

SEATED: Mrs. Elaine Stroebel, Clerk, Mr. Joseph Lowes, President, Mr. Carroll Nuttall, Vice-President.

Never does a Senior seem to realize his indebtedness to others until he reaches the end of his high school career and asks himself two questions, "How did I reach this plateau?" and "Where do I go next?" Then, he begins a little introspection and participates in some serious thinking.

He begins to be aware of the huge task accomplished by the Board of Education, its unselfish service, its time consuming meetings, its interest in the youth of our school district and he becomes overwhelmed by the enormity of this service.

All at once he feels "thank-you so very much" though very sincere, is also inadequate to express what he really feels.

However, the class of 1964 has all these feelings, all these thoughts, and in deep humility says a very sincere thank-you to this fine body of men who provided us with all the opportunities, advantages and facilities throughout our school years in Sherman Central. We didn't realize it then; we do acknowledge it now. As we go forth on varied pathways, we will ever be aware of this help you have given us. We will be eternally grateful. We hope we may be worthy of the high hopes you have for us and our future successes.

The Yearbook Staff of the Shermanite for 1964 has been very busy this year. We have put forth much time and effort in order to make a fine yearbook. We have enjoyed our work a great deal. We are especially grateful for the help and advice of Mrs. Hyde and Mrs. Werren.

Our AFS Student from Ethiopia

My stay in Sherman for one year gave me thousands of precious experiences which I hope will lead me into a completely new and successful life. I was born in a country whose people, history, tradition and culture is completely different from the USA and Europe as a whole. For this reason, almost everything in Sherman was new to me, and within this year I have studied many of the American habits and customs that seem strange to my people. I understood what USA really means. I understood that you Americans are the type of people who seek friendship, peace and harmony between nations. You are really the type of people who seek the freedom of man all over the world.

My people think that the Americans are rejective to colored people or to any African, but I am ready to tell them that I, being their representative, had the greatest honor and respect than any other person in the Sherman Community. I will tell them all about the comforts and joy I had during my stay here.

On the other hand I have already introduced to you what Ethiopia really means. I cleared away from your minds the regards of my country as an ordinary African nation. I told you that she has an outstanding background, culture and tradition of her own and that she is enjoying the independence that has been kept safely by her resistive and heroic patriots for many thousands of years.

In this way the AFS is an effective organization that is strengthening relationship and familiarity between nations. All the precious experiences and the fun I had, are things that I owe to the American Field Service, to the Sherman Community which made me feel as an American citizen, and my beloved family. Telling to my people how kind and friendly the Americans are would be the only way I can repay you.

Keep Sherman as the best example of an American community.

Sherman Central School Auditorium was filled to capacity Friday night, May 3, 1963 for the Annual Spring Concert.

The first part of the concert was presented by Grades 4, 5, and 6. The 4th and 5th grade choir of 95 voices sang five numbers.

They were assisted by Deena Keith as a Hawaiian girl, and by John Karges; playing the castanets.

Spring

Jackie Spinks and Mary Jane Roth were soloists.

The most impressive number was The Lord's Prayer which was done in a very sacred and dignified manner.

The 6th grade choir of 43 voices also presented five numbers. Their soloists were Lois Crump, Diane De Meyer, Joseph Sventek and Barton Adams.

The accompanying for both groups was done most capably by Margie Smith.

The combined choirs closed the first half of the program singing Mozarts "Alleluia."

This portion of the program was all directed by Mrs. Harry Brosius.

The Coronation of the Music Queen and King was as usual one of the most enjoyable highlights. Mr. Harry Brosius conducted the ceremonies introducing the 1st Graders--Crown bearer, Chadine Harvey, daughter of Mr. and Mrs. Howard Harvey; Gift bearer, Renee Raynor, daughter of Mr. and Mrs. Warren Raynor.

The Queen's attendants; Juniors--Jean Persons, daughter of Mr. and Mrs. Howard Persons; and Margie Smith, daughter of Mr. and Mrs. Fernando Smith; Seniors; Charlene Tressler, daughter of Mr. and Mrs. Howard Tressler and Judy Hamilton, daughter of Mr. and Mrs. Harold Hamilton.

Mr. Brosius introduced and crowned the Queen, Linda Park, daughter of Mr. and Mrs. Lynn Park and the King, William Harvey, son of Mr. and Mrs. Franklin Harvey.

The girls in their beautiful dresses, carrying beautiful flowers arranged by Smith's Stardust Flower Shop, made a lovely picture, receiving much applause.

The 2nd half of the program was presented by the Junior-Senior High School Choirs directed by Mr. Carlyle Neckers.

The Senior High School choir presented two Bach Chorales in a dignified manner--Sylvia Person sang a solo in a very professional manner. They were accompanied by Margie Smith.

Concert

This was followed by the Junior High School Choir singing four numbers--accompanied by Sally Crandall. Fred Raven thrilled the crowd with a solo.

The Freshman Triple Trio sang two numbers accompanied by Mr. Carlyle Neckers and the Senior High School Choir. They then concluded the program with four numbers--all of which were very well received.

Margie Smith accompanied the group.

Membership in the National Honor Society has become recognized nationally as one of the highest honors that can be bestowed on a high school student. It represents the fundamental objectives for which schools are instituted and gives recognition to those who have obtained most nearly the desired ends. Other honors at disposal of school are only partial in the sense that they recognize specialized ability, skill, or talent; but this society looks upon education as a total product measured by four dimensions of life, leadership, character, scholarship, and service.

This year we have a very good group of students as library assistants. Although, on the whole they are young, they are of a great assistance to the librarian. Without this group of individuals, the library just could not function at its best.

Kathy King is our publicity manager and does a fine job. Also our typist is Grace Finn who works feverishly at typing all of our cataloging cards. Of course, we have about twenty other girls who work at the desk, read shelves, put books away and sign out all elementary books.

To this fine group of students as library assistants, the student body and librarian extend their gratitude for all they have done.

In a world living under the threatening impact of technology, tending more and more towards materialism and rationalism, the fostering not only of the intellectual and the physical, but also of the spiritual, emotional and creative capacities of the individual becomes an essential task, to which the instrumental program is dedicated. The ability to distinguish between good and poor music is probably the least important ability which an instrumental student may acquire. Far more important are the following advantages: an understanding and appreciation of music; the ability to work with others as a member of a team, one of the foundations for good citizenship; development

of poise and confidence through public performance; development of muscular coordination, rhythm, grace and the ability to relax. Students of the instrumental music department learn to enjoy music and they gain a worthy life-time use of leisure time. We members of the band look forward to many hours of enjoyment and companionship with our fellow school musicians. "MUSIC IS THE UNIVERSAL LANGUAGE" (Longfellow) therefore, let it be heard around the world, that we might make use of its tranquil peace, that we might encourage each student to know a little more about himself and the world in which he lives.

Boy's State

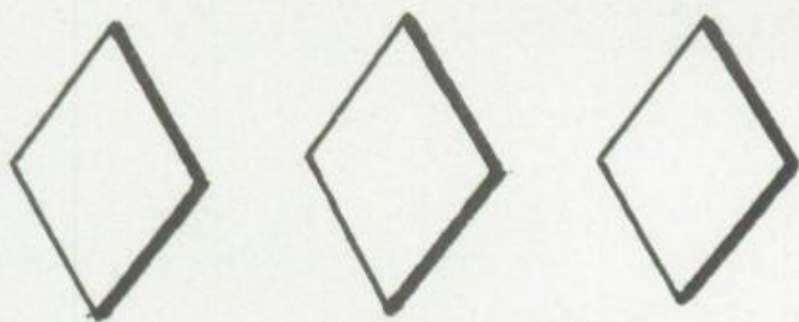

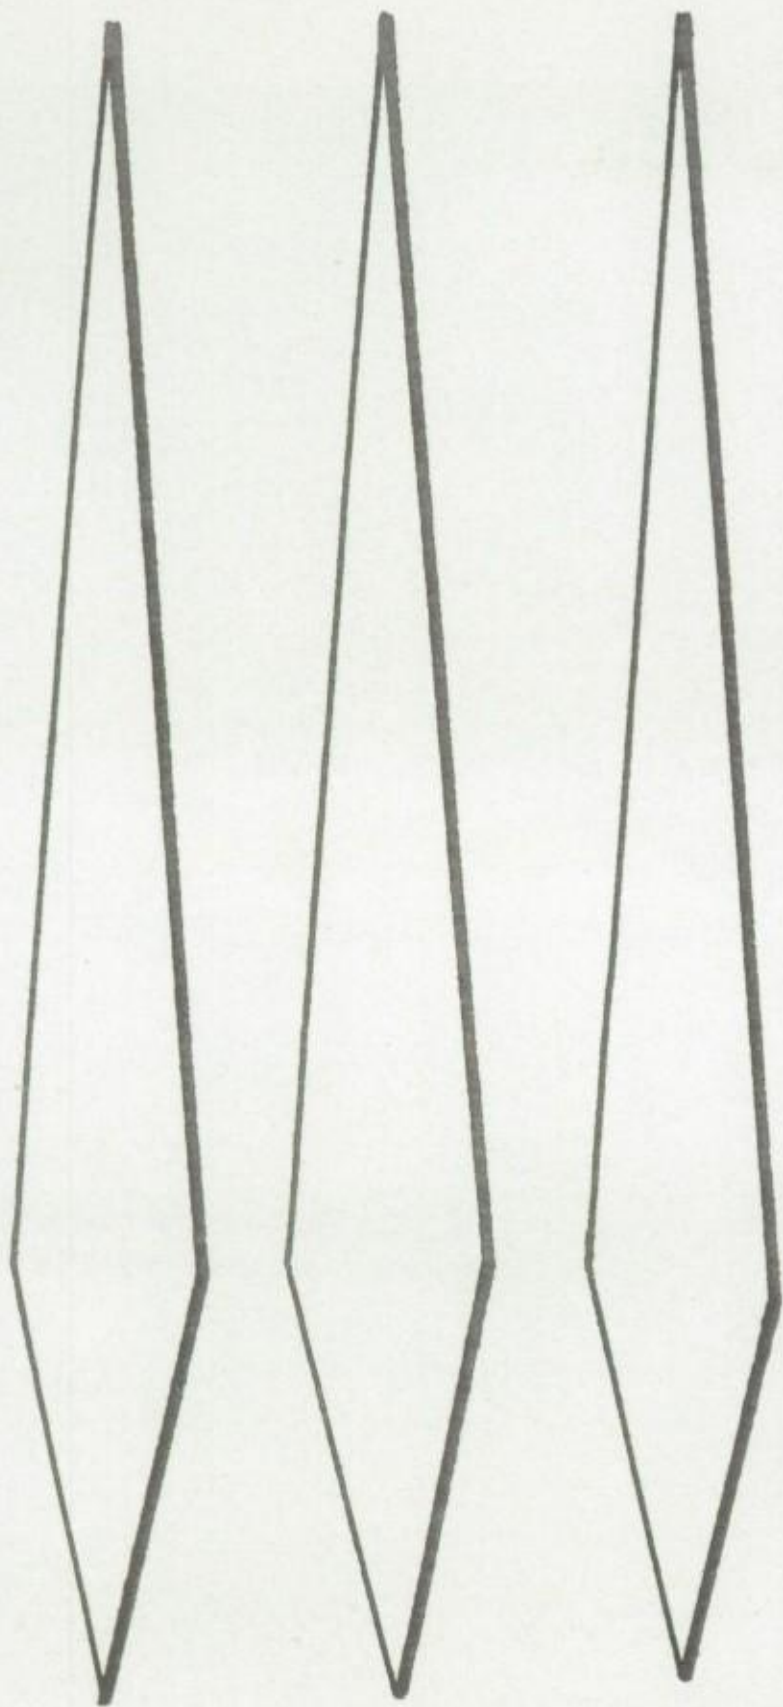

Boy's State is one of the greatest honors that can be given to a boy in high school. The fortunate boy is chosen by the faculty of the school, and if accepted by the American Legion, is sent to Colgate University for a week. Here the workings of all forms of democratic government take place. Each delegate has the opportunity to run for an office of nominal importance to the supreme office of Governor of Boy's State. Truly being chosen to attend Boy's State is a wonderful experience.

The Sherman Wildcats had a successful football season, losing to Vine League Champion, Brocton 6-0 in the last game of the season played during a rainstorm on a muddy field. It was a well played game with all of the Wildcats playing good ball. Sherman missed two scoring opportunities while Brocton scored on a fluke play as a result of a Sherman fumble on the 17 yard line. It is the second year that Sherman lost out to Brocton, a B school, for the Vine League Championship.

"To be seen, but not heard," is certainly not the motto to apply to our Football Cheerleaders.

Energy, agility and extremely good lungs are their most reliable assets. Our Cheerleaders are responsible for the encouragement of our men on the field and for the release of the emotional enthusiasm of the spectators to spur our team on to victory.

This year we have a very young and inexperienced squad with great potential talent. This potential should develop more and more as the season progresses. By the end of the season, Sherman should have a fine club to compete in next year's Class C League. As up to date the starting five consists of two juniors, one sophomore, one freshman, and only one senior.

Basically, the whole squad is young with four seniors, six juniors, one sophomore, and one freshman. On the whole, if we can get the team to start clicking, we'll take our share of the games this year, too!

This year's young Wildcats have difficult shoes to fill, since last year's C league champs have moved up to Varsity. Our club is young and inexperienced with two-thirds of the boys being freshman.

We may not take first place again this year, but we're sure going to try. Observing the boys' spirit and determination, we will win more than we will lose, and give any team a run for their money.
